

NEWSLETTER DECEMBER 2024

Hi Everyone

I hope you are well.

We are excited about our new web page www.mltcomputers.com Check it out from time to time exciting things to come.

Support for Windows 10 will end in October 2025

14 October 2025

Support for Windows 10 will end in October 2025. After 14 October 2025, Microsoft will no longer provide free software updates from Windows Update, technical assistance, or security fixes for Windows 10. Your PC will still work, but we recommend moving to Windows 11.

Cybercrime targets Africa.

Be very aware of security when you do transactions online.

Here are some tips to help protect yourself from cybercrime:

- **Use strong passwords**

Create unique passwords that are at least 8 characters long and include numbers, special characters, and capitalized letters. You can use a password manager to generate and store your passwords.

- **Use multi-factor authentication**

Enable multi-factor authentication on your accounts to add an extra layer of security.

- **Update your software**

Keep your operating system, internet security software, and anti-virus software up to date. You can turn on automatic updates where available.

- **Avoid public networks**

Don't use public wi-fi for online payments or shopping. Public networks are not secure and can allow cyber criminals to access your sensitive information.

- **Be careful with links, attachments, and downloads**

Be suspicious of links, attachments, and downloads, and don't click on them unless you're sure they're authentic.

- **Think before you click**

Don't feel pressured by emails and check the source of the message. Never reply to emails that ask you to verify your information or confirm your user ID or password.

Thank you

Thank you for your support and friendship. May you have a Merry Christmas and a prosperous New Year.

Till next time.

Regards
